

THE ULTIMATE SURVIVOR

BE ONE OF THE LAST 9.738!

THE END IS HERE! ARE YOU GOING TO SURVIVE?

When they announced that the impact was imminent, I used to close my eyes many times, to imagine the end of our world. Now, I need to close my eyes to escape for a few moments, but you can't truly escape. How could you? If the hell is real, I guess this is it. We are in the middle of it!

NOW, the old world is just a memory, and that memory is a treasure buried deep in our hearts. What we do next will shape the future of our new world.

BE STRONG AND BE PART OF A HISTORY THAT IS BEING WRITTEN.

GREAT VALUE FOR OWNERS

TUS HUB

Once all survivors are found, we will focus on helping other projects succeed, by incubating and guiding them with the help of the community.

REWARDS CENTER

Enjoy pulse-pounding rewards, starting with 60 ETH for a year's worth of weekly competitions that will help us build excitement

SURVIVOR KIT

All survivors have essential tools to help them along the way. We'll send you your survival kit with free shipping, so you'll maximize your survival capabilities.

MERCH

Apocalyptic conditions are harsh, and we want to give you all you need to survive and thrive. With this in mind, we let you trade SEEDS for cool merch you'll love.

TUS CLUB

We will buy land and build the TUS CLUB on the Metaverse to give survivors an exciting place to hang out in the future.

P2E GAME

Everyone needs a break from reality from time to time, so we combine gaming with opportunities to bond with other survivors while getting rewarded.

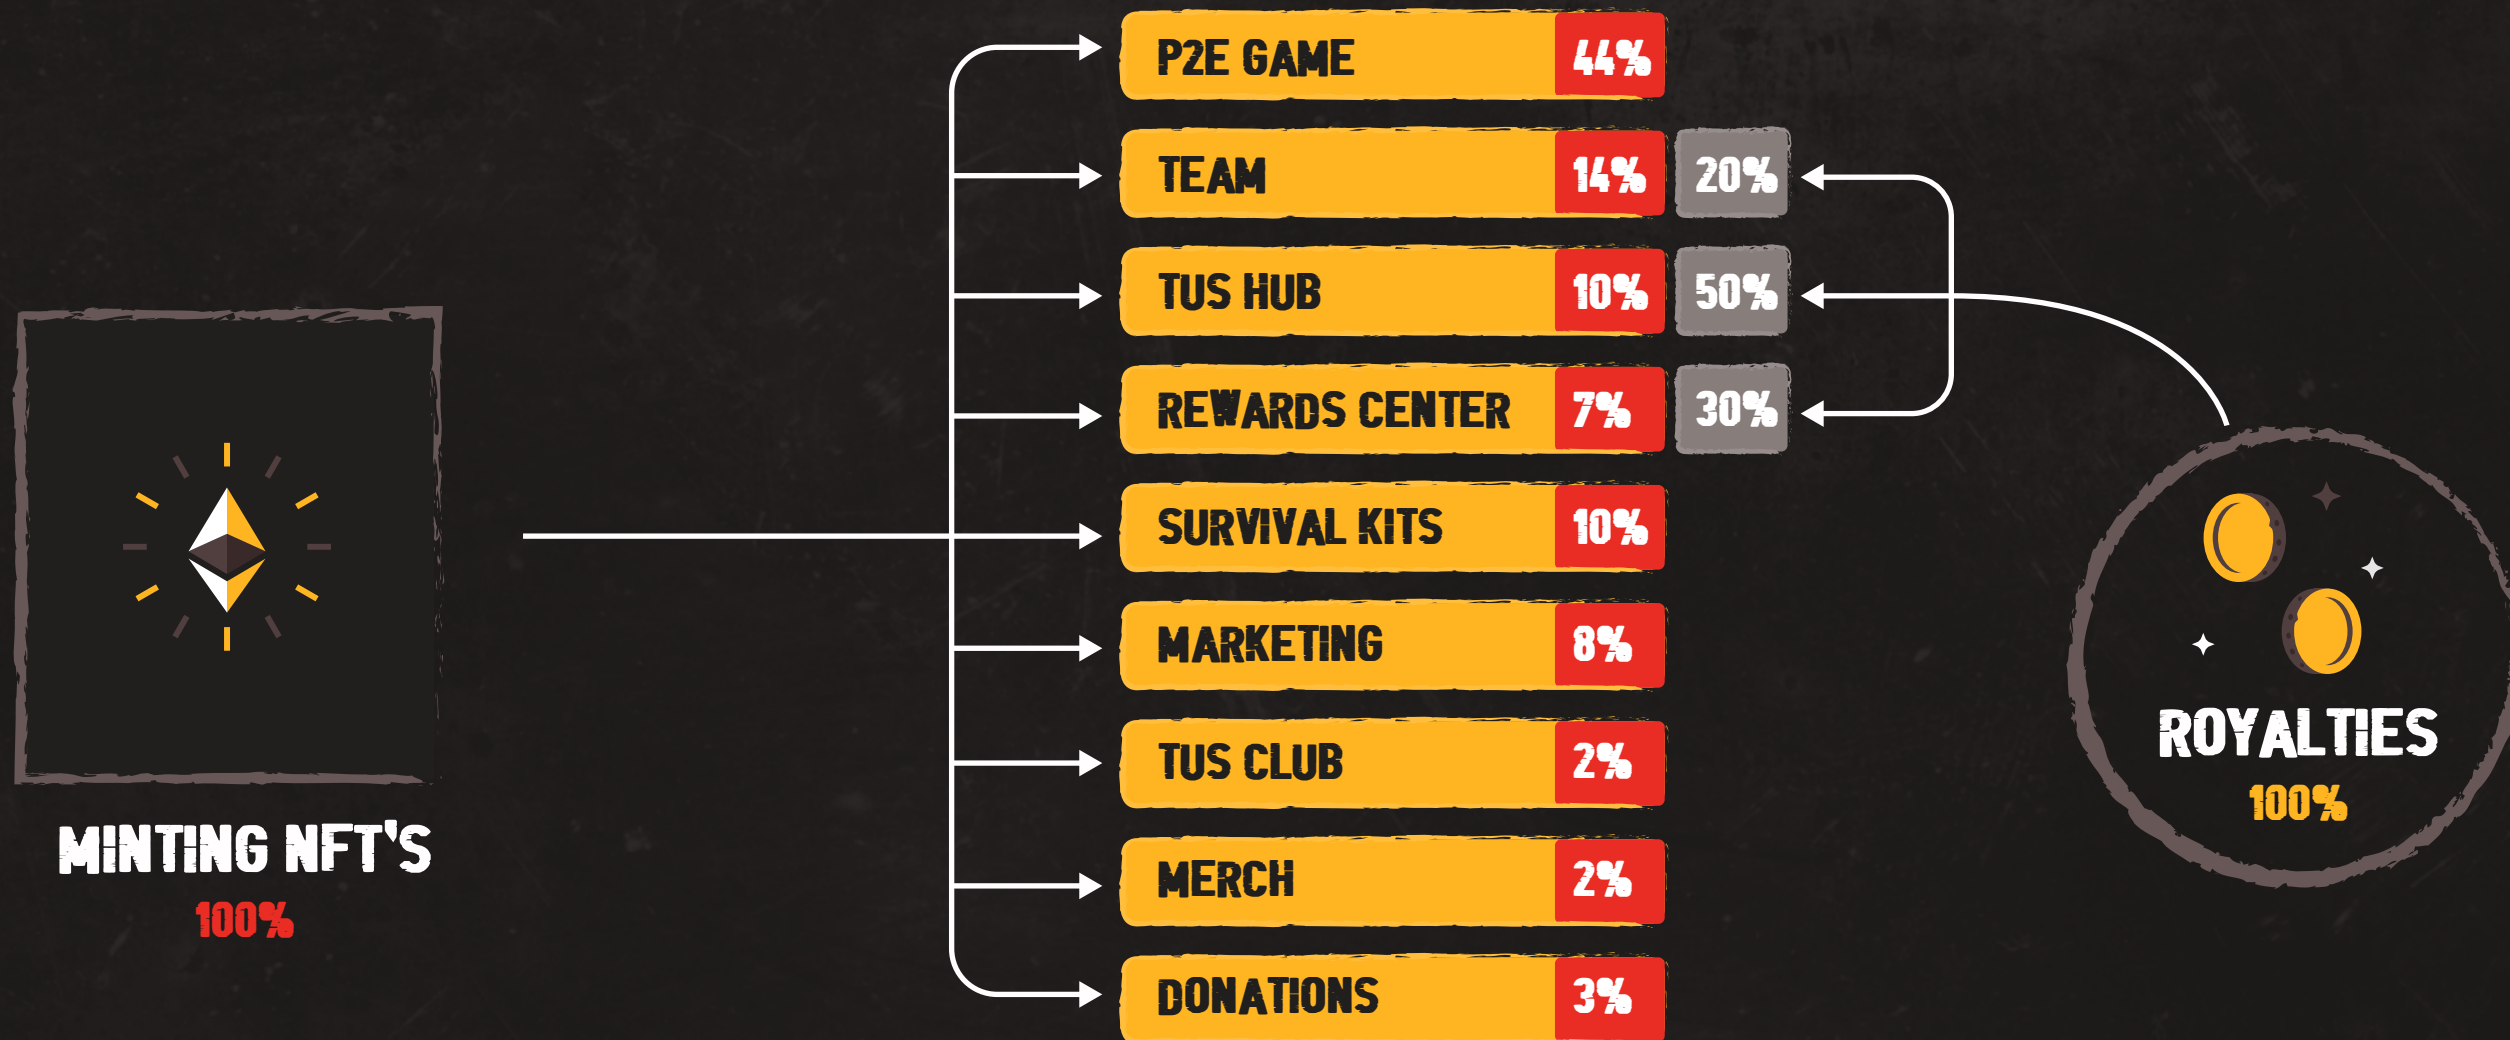

DONATIONS

We will donate 20 ETH to help ukrainian children who lost their parents in the Ukraine War.

PARTNERSHIPS

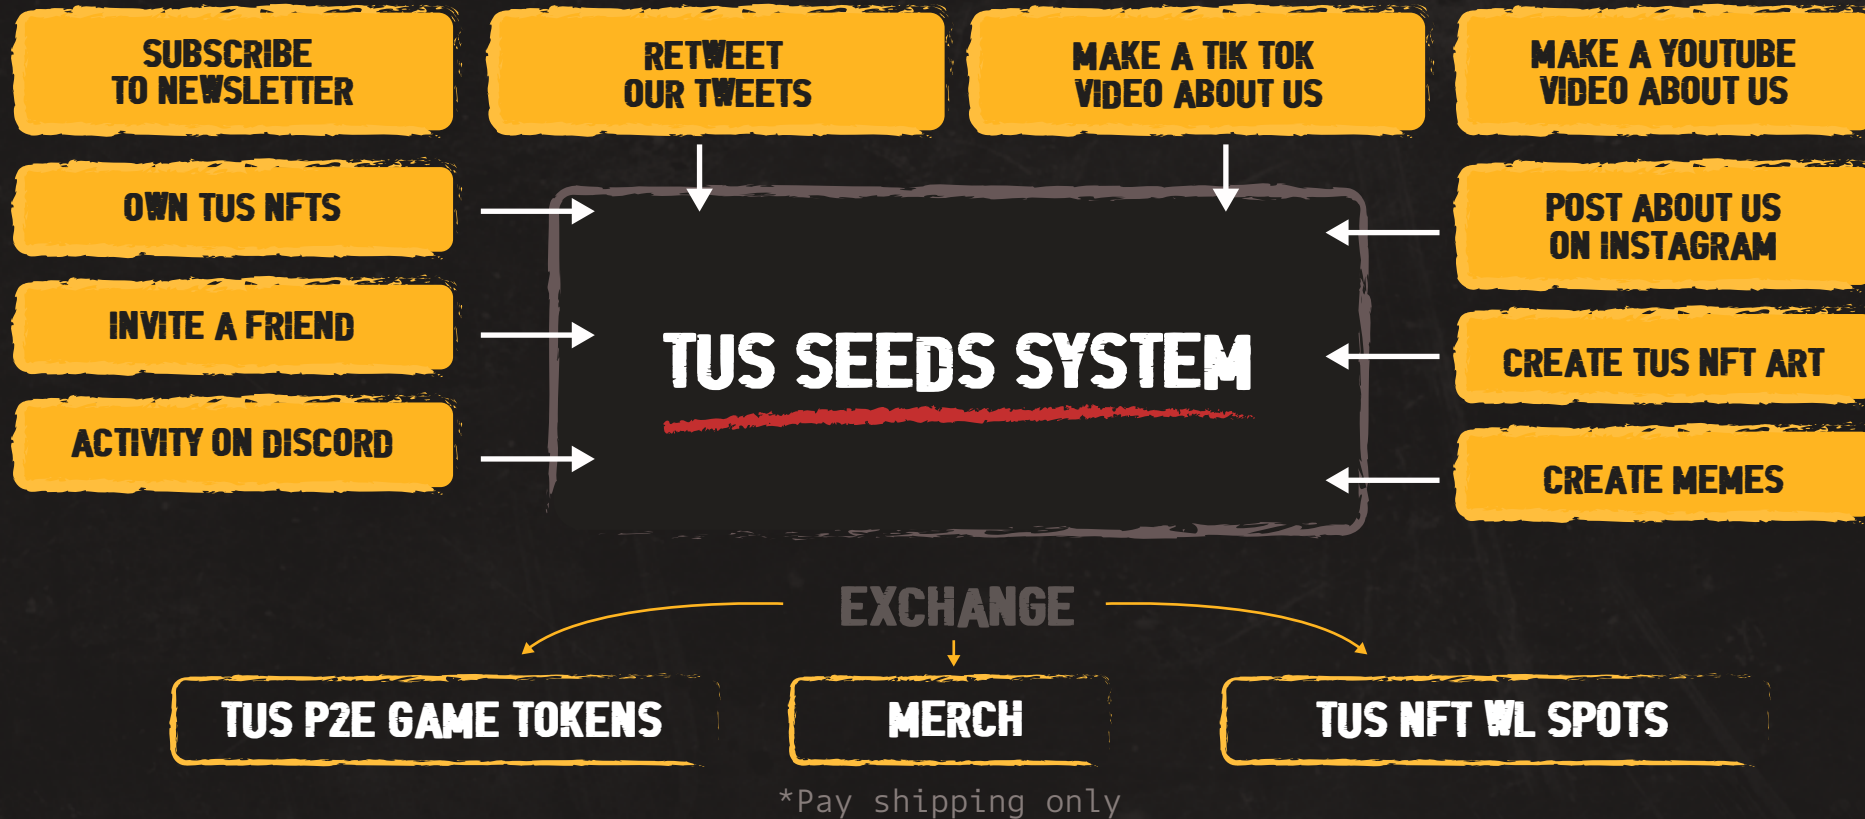

Connect with and form close partnerships with successful projects that have the same vision and values as us.

TUS NFT BREAKDOWN

The Ultimate Survivor is a community driven NFT project consisting of 9738 unique NFTs.

With innovations like Ultimate NFT Hub, P2E game and Seeds Reward system, we are planning to change the narrative of NFT projects, as being a B2C and B2B project. We believe in people over products. Our ecosystem is designed to be inclusive and community centric, giving the power to active participants. We are VC free in order to keep our communities benefit at the forefront.

TUS REWARDS CENTER

REWARDS FOR A STRONG COMMUNITY

Innovation of SEEDS system & Rewards CENTER

As one of our goals was to create a community, which is a community in a true sense of a meaning, we have created a SEEDS Reward system and the Rewards Center.

Members of our community could earn SEEDS in any of the following ways: by holding NFT from our collection, engaging in Social media channels, helping us to create content, and referring TUS to their friends.

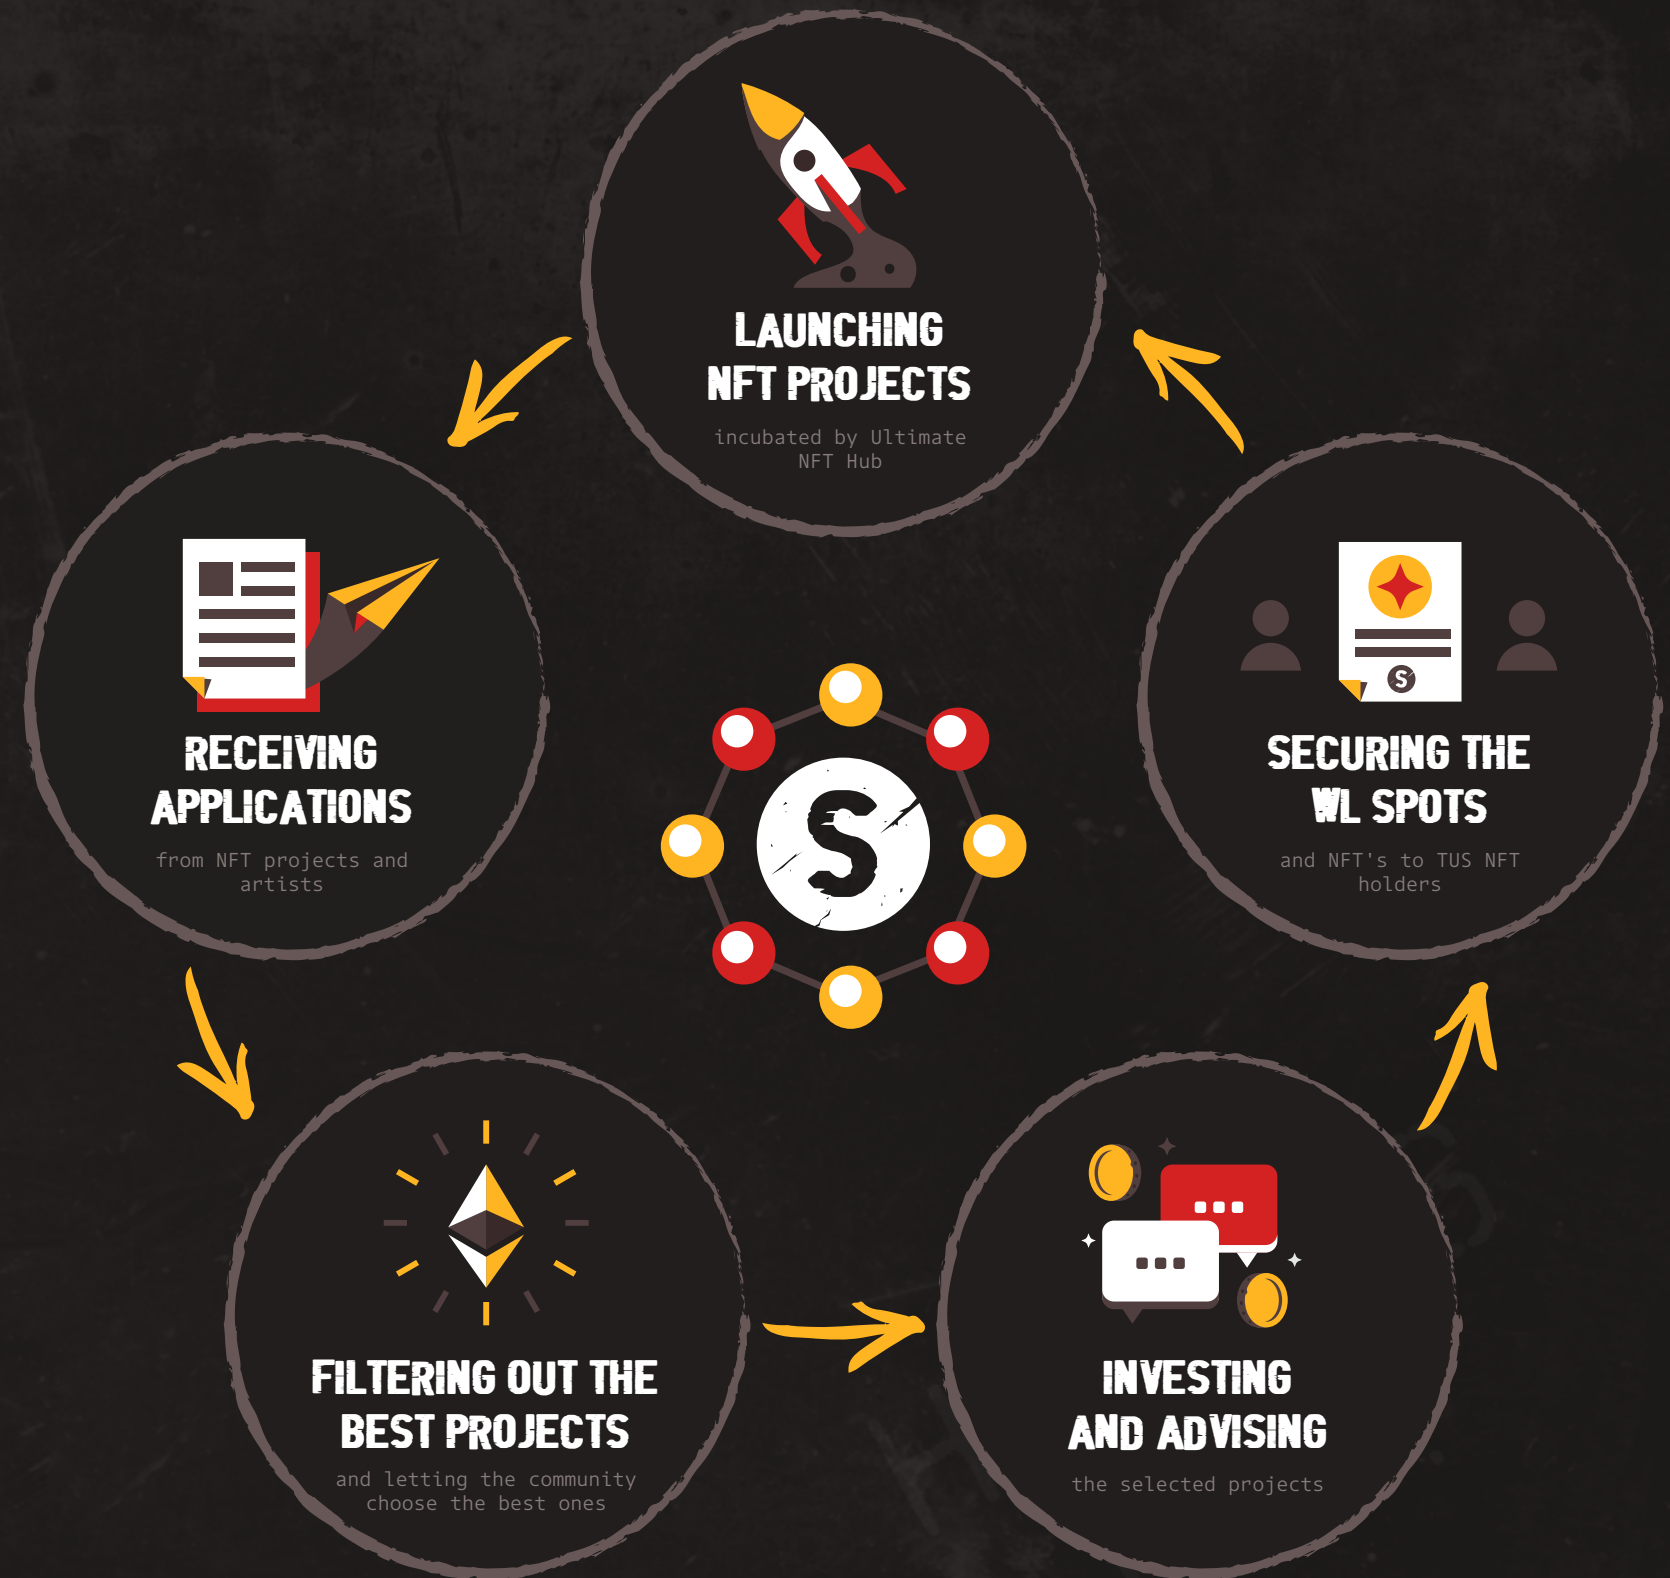

Amazing thing about the SEEDS is that they could be swapped for a lot of purposes: merch from TUS store, WL spots from one of our partners, participate in live events with our expert Survivors and after our P2E game is launched, exchange those SEEDS for tokens we are planning to launch.

TUS HUB

Launching the Ultimate NFT Hub

- > TUS NFT team is doxxed and has successful businessmen with many successful brands being built behind us. LinkedIn profiles are available on our website: <https://theultimatesurvivor.com/#team>
- > Our goal is to pour our knowledge and help promising NFT projects come to life. Through TUS HUB we are helping other projects succeed, by incubating and guiding them. TUS community will be rewarded with ETH, WL spots, NFTs, and tokens.
- > Owners of TUS NFT will have priority on our queue list and get some extra attention from TUS TEAM when picking the top NFTs projects to invest in.
- > This is an opportunity for holders to make good investments in NFT projects vetted by TUS TEAM and TUS community, avoiding the risk of rug pulls and bad investment (the general risk of the NFT industry is still in play).
